Skills

C | Java | Python | HTML | Css | MySQL

Projects

Project in Rail-gun, Physics DSE. A Projectile missile that uses electromagnetic theory. Typically designed as weapons that use electromagnetic force to launch high velocity projectiles.	July 22
E-commerce Website Redesign. Developed a fully responsive Amazon.com clone using HTML and CSS. Recreated key pages, including the homepage, product listings, and product detail pages, maintaining consistency with the original design. Demonstrated strong attention to detail in replicating the website's visual design and user interactions.	Feb 24

Activities

I specialize in Front-end Web Development and I'm proficient in HTML and CSS. Currently I'm working on projects showcasing skills in front-end development.
